

JIM WEBB  
VIRGINIA

July 9, 2008

Dear Friends:

I am pleased to welcome you to today's Korean Church Coalition Prayer Vigil. I am certain that today's vigil will be a time of great reflection within your community. I support your call to bring an end to suffering and bring about peace on the Korean peninsula.

The Korean communities spread across Virginia are strong and vibrant and contribute much to our society. Your communities of faith provide a vital spiritual and cultural link for Korean-Americans all over our Commonwealth.

Sincerely,

A handwritten signature in blue ink that reads "Jim Webb".
